Canada Says She Will Pay the Canal Tolls Herself.

A Cabinet Meeting Held to Discuss the President's Proclamation.

It Was Decided to Carry to the Notice of the British Government the Absurdity of Continuing the Washington Treaty, and Urge Its Abrogation.

OTTAWA, Ont., Aug. 25.—It has been decided that the government will reimburse the Canadian shippers for this season for any loss they may sustain through the imposition of tolls on freight going to a Canadian port through St. Mary's Canal.

A meeting of the cabinet was held to discuss the outlook and the probable effect of President Harrison's proclamation. A member of the cabinet stated that no attempt at retaliation will be made in the direction of imposing discriminatory tolls on American vessels passing through the Welland canal, as has been suggested by some of the government press.

It was further decided to carry to the notice of the British government the absurdity of continuing the Washington treaty in force, in view of the fact that it has been denuded of every clause by which any special privileges were conceded to Canadian citizens, and urge the abrogation of the treaty at the earliest possible moment.

## BERRY TURNER.

The Notorious Kentucky Outlaw, Convicted of Murder.

PINEVILLE, Ky., Aug. 25.—Berry Turner, the notorious desperado and mountain killer who has terrorized the neighborhood of South America, in this county for the past few years, has been tried and convicted in the circuit court here.

The jury brought in a verdict Wednesday morning, and the sentence is 21 years in the penitentiary. The crime for which Turner was convicted was the murder of Isaac Lewis, and the opinion here is, that he was let off exceedingly light. A death penalty or a life sentence was predicted.

Mr. Hal S. Corbett made one of the ablest pleas for the defense ever heard at the bar. The crime for which Turner was tried was committed nine years ago. Isaac Lewis was a young man living with Turner, who, for some cause never brought out, made up his mind to kill him.

Turner and young Lewis had been to Pineville, where Turner got drunk and went home in that condition. When on the road he borrowed a gun and told several parties that he intended to "kill a man with it."

Lewis reached the Turner home first, and on the return Berry, the outlaw, concocted a scheme whereby he might kill the young man. He accordingly told him to go out and fix a mark on a pump, as he wished to try his new gun.

Lewis, suspecting no wrong, did so, when Turner, instead of firing at the mark, turned the gun on the young man. Lewis lived until the next day, when he died.

The murderer did not attempt to flee, and as there was some delay about burying the remains, he made the remark to a witness, that if the body was not taken away from his house that he would throw it over the bluff and let the hogs eat it.

The plea set up by the defense was that the killing was accidental. Turner has killed several men since, and has twice been arrested and escaped from custody for this particular crime.

## An Asylum Horror.

CINCINNATI, Aug. 25.—Tuesday night one of the inmates of Longview asylum, George Goetz, playfully and fatally strangled Henry Gerwing, a fellow inmate. The murder was committed at midnight. The two men were rooming together. As soon as the deed was complete Goetz began shouting that the world was saved, he had killed the devil. Wednesday he was the happiest man at the asylum. He has had a mortal fear of his satanic majesty, and he now says he has performed the greatest deed ever done by man. "I have killed the devil!" he tells everybody he sees.

## Struck, Then Went Back.

ROCHESTER, N. Y., Aug. 25.—The night force of the New York Central switchmen employed at East Rochester, ten men in all, struck at 4 o'clock Wednesday morning, demanding double pay for Sunday work. When the day force of twelve men came to the yards they refused to go to work. Assistant Division Superintendent Gould consulted with the men and they decided to go to work pending a settlement of their grievance by the heads of the road at New York. All are at work now.

## Canadian Harvest Good.

TORONTO, Ont., Aug. 25.—Reports have been received from all parts of the dominion by grain merchants of this city and give a promise of good harvest in every part of Canada. In some provinces the yield is not as large as anticipated, while in others it is beyond expectation, and on the whole the crop will be as large in quantity and more satisfactory quality than those of last year. In Quebec the yield will be unprecedentedly large.

## Baby Eaten by a Wild Animal.

SAGINAW, Mich., Aug. 25.—A woman named Greenbaum, of Marion township, is reported as having left her child asleep in a wagon while she went berrying into the woods. When she returned she found some animal, probably a lynx, had devoured her child, all but one foot. She is distracted and may lose her reason.

## Gladstone Re-Elected in Midlothian.

LONDON, Aug. 25.—Gladstone has been re-elected in Midlothian. Members of parliament on assuming cabinet appointments must stand for re-election by their various constituencies. This, however, is usually a formality, when the re-election follows close upon the other.

## WEEKLY CROP BULLETIN.

Condition of the Small Crops Throughout Kentucky Up to Yesterday.

The weather conditions during the past week over the largest portion of the state have been favorable to growing crops. A good many sections, however, send very encouraging reports and there are very few that send really disheartening ones. The only complaint in regard to staple crops is lack of good rains.

The rainfall during the week was very unevenly distributed. In the Northern counties, except in the extreme Western and the Eastern parts of the state, there were good rains. The counties of Hancock, Jefferson, Oldham, Shelby, Fayette, Kenton and others adjoining had fine rains on the 18th and 19th. Over most other sections there was very little rain during the week.

The temperature has been slightly in excess of the normal, except in the Southwestern part of the state, where it was about normal. There has been no lack of sunshine.

The drought that has prevailed in some sections has undoubtedly done great damages, still the general tone of the reports is equally as encouraging as that of the last week.

A general rain would be almost sufficient to insure a fair crop of corn, tobacco and hemp, except in a few sections where great damage has already resulted from the drought.

Reports on corn are conflicting. While the majority are favorable and fairly good, a good many others are very discouraging. Especially is late planted corn in the dry sections suffering, and there will be a considerable shortage of this crop in these sections.

Tobacco has not suffered to the extent that corn has; even in those counties where the drought is severest. A good many reports indicate an excellent crop, while a complaint is an exception. Cutting and housing is in progress in some sections; and the largest part of the crop is expected to be saved before frost.

Pastures in the Central part of the state are badly in need of rain. Much complaint is being made of the poor fruit crop, some late fruits, especially grapes, rotting badly.

The weather has been favorable for all farm work except plowing; the ground is most too dry for plowing, as this work requires soaking rains. Wheat threshing about finished.

## THE SECOND DAY.

Everything Moving Nicely at the Fair—Some More Good Trotting.

### PREMIUMS AWARDED IN THE ARENA.

To-day Will be a Gala One—Let Everybody go and Enjoy the Sport.

Everybody who has attended the first two days of the fair has come away impressed with the idea that the management is doing its utmost to make the present meeting a most entertaining one. Notwithstanding the fact that they have been handicapped in some annoying ways both days have been up to the high standard established by the Blue Ribbon Fair.

The absurd report of diphtheria, which has been scattered broadcast and exaggerated by croakers who have never been a success themselves and despise to see energy rewarded in others, has no doubt kept many over-timid people away.

There was a good crowd on hand yesterday and a very spirited and interesting one. The show of stock in the arena was fine and the racing, while not so speedy and close as on Tuesday, was good enough to keep the boys guessing.

It was thought that more horses would be in the Futurity. But three faced the starter: Creel, owned by W. H. Russell, Danville; Marmaduke, owned by E. W. Shanklin, Lexington; and Notre Dame, owned by L. D. Smith, Muirs. The victory was rather an easy one for Creel. Summary:

Creel..... 1 1  
Marmaduke..... 2 3  
Notre Dame..... 3 2  
Time—2:29 3/4, 2:31 1/4

There were six starters in the 2-40 trot: Wiltonette, owned by Bowerman Bros., Lexington; Ida A., owned by Joseph Grear, Cincinnati, O.; Bradstreet, owned by B. J. Tracy, Lexington; Hinda W., owned by Downing & Denahy, Lexington; Harrietta, owned by Buford & Tarton, Lexington; Harrietta, Crit Davis, Harrodsburg. Harrietta was the favorite and she proved the winner she was thought to be. Summary:

Harrietta..... 1 1 1  
Hinda W..... 1 2 3 3  
Wiltonette..... 4 4 2 2  
Bradstreet..... 5 5 5 5  
Ida A..... 6 6 6 4  
Time—2:30, 2:34, 2:35, 2:39 1/4

There were several specialties also on the program. The fast mare Nellie W. was to have trotted an exhibition mile to beat her record, but she was out of shape and her owner would not let her go.

Charter, La Tosca and Classic, owned by R. P. Pepper & Son, Frankfort, each trotted to beat 2:30 and made the mile respectively in 2:26, 2:31 1/4, and 2:27 1/4.

There were two entries in the pony race, won by John Clift of Mayslick. Premiums were awarded in the arena as follows:

Harness stallion, four years old or over, W. L. Piper, Carlisle.  
Harness stallion, three years old, B. F. McCallie, Brooksville.

Harness stallion, two years old, W. F. Sugg, Nicholas county.  
Harness stallion, one-year-old, W. R. Critchfield, Germantown.

Saddle stallion, four years old and over, G. R. Winter, Minerva.  
Harness mare or gelding, J. W. Poindexter, Cynthia.

Walking mare or gelding, Berry & Wilson, Lexington.  
To-day will be a gala one. We will have the 2:18 trot in which are the four cracks, Dr. Sparks, Katherine S. Gillette and General Smith stakes for foals of 1889 and the 2:25 pace.

A large crowd is looked for to witness the sport.

JULIUS LANG, a prominent Cincinnati, is dead from apoplexy.

DURING a thunder storm in Denver a German infidel named Gutliet Myers, who formerly lived in Cincinnati, defiantly proclaimed from a street corner that there was no God, and a second later a bolt of lightning knocked the stuff out of him.

JOSEPH L'HOMMEDIEU suicided by the morphine route at Lexington. He left a note stating that he had good reasons for doing the deed, and asked his sister not to grieve about him. He had been very attentive to a certain young lady, and it is said she had refused his further visits.

THE never-ceasing warfare between the citizens of Covington and the street railway has broken out in a new direction. The company is attempting to lay a double track under a grant given twenty-seven years ago, and the merchants along the street are opposing it. If the track is laid it will probably be torn up, and serious trouble may follow.

ABOUT three years ago Professor Joe Turner, 65 years old of Knox county, drew \$5,000 from the bank at Barbourville to give to a young girl fifteen years old to marry him the next day. That night the money was stolen, and Turner missed his bride. Detectives were put to work on the case, and a few days ago Sheriff John Catron of Knox county arrested Jeff Henderson of Middleborough, charging him with getting the money. Henderson is a nephew of Turner, and has heretofore borne a good character. He stoutly denies the charge, and says his uncle has fallen out with him, and the whole thing is malicious and false. He will be taken to Barbourville for trial.

Death of William F. Adamson.  
After a long affliction from tumor of the brain, William F. Adamson died 3 o'clock yesterday afternoon. He was a son of the late Dr. M. F. and Mrs. Elizabeth Adamson, and was in his 48th year. In health, he was one of the finest specimens of physical manhood, and an active man of business. Possessed of a kindly disposition and a warm heart, he had many friends who will sincerely mourn his death. The funeral will take place from the residence of his brother, Dr. H. K. Adamson, Front street, at 10 o'clock to-morrow morning, with services by the Rev. J. E. Wright.

# DECLARED OFF.

The Switchmen's Strike at Buffalo a Failure.

They May Get Back to Their Positions if They Can.

Calling Upon Other Railway Orders Indicate the Culmination—Their Decision Adverse to the Switchmen—The Heads of the Order Express Sympathy.

BUFFALO, N. Y., Aug. 25.—At midnight Wednesday night Mr. Sweeney, the head of the switchmen's order, officially recognized the fact that the strike movement of switchmen, which was inaugurated twelve days ago in this city, had failed. In the official terms of the Order, the strike was "declared off." The men who were formerly employed as switchmen in the railway yards here will be notified by their local officials that the purpose for which they quit their employment has not been accomplished, and that they are now at liberty to get back their places if they can.

The beginning of the end of what was, until last Sunday, an almost general strike of the switchmen in the Buffalo railroad yards, was marked by Mr. Sweeney's appeal to the heads of other orders of railway workers to meet him in conference in this city. Mr. Sweeney was brought face to face with the fact that there was no longer any strike of switchmen in the Buffalo yards.

The evident fact that the companies had resumed the natural conduct of their business without the men who had left their employ with Mr. Sweeney's sanction pressed home to the grand master the conviction that his local followers had become no longer striking switchmen, but only idle men whose work is the throwing of switches, but whose positions had been forfeited without profit to themselves. Their leader was brought to see by daily developments in the yards that if his men were saved at all some power beyond his resources or theirs must be invoked.

Mr. Sweeney knew that his cause was lost. He turned, as a last resort, toward the other organizations of railway workers, and his invitations to Messrs. Sargent, Clark, Arthur, Wilkinson and Thurston were visible indications that the switchmen must confess defeat without fraternal aid.

At a meeting of the heads of the different railway organizations it was decided not to order a sympathetic strike. They, however, expressed sympathy for the striking switchmen.
